Korea Christian International School (KCIS) is a private, Christian school established in 1998, in the Ilsan area of Goyang City. KCIS emphasizes community service, and by the end of a KCIS high school career, every KCIS student will have completed more than 100 hours of community service.

The school prioritizes small teacher-to-student ratios and small classroom environments for optimal academic interaction. A highly rigorous college preparatory curriculum, regularly scheduled chapel services, comprehensive extracurricular activities program, and strong Christian honor code form the foundation of school life. If a student chooses to do so, the Schubert Pre-Medical graduation program offers the opportunity to enroll in Pécs Medical School in Europe, after graduation.

KCIS is fully accredited by The National Council for Private School Accreditation (NCPSA) by Ai-Accreditation International. KCIS is an official candidate of MSA-CESS Accreditation as of May 2019. The school was designated as an official ACT Test Center in Korea (Test Code No. 870980).

KCIS has currently enrolled 130 students from grades 1 through 12, and the majorities are fluent in both English and Korean. All our graduates will attend a post-secondary school. At KCIS, students are able to experience personal and spiritual growth, maturing into capable international leaders ready to interact with and adapt to the ever-changing global community.
